

## Tekakwitha League

ROOM 217

226 EAST FORDHAM ROAD, NEW YORK

November  
13th  
1940

Your Excellency,

Gratifying news from Rome is that the Congregation of Rites is studying the virtues of Kateri Tekakwitha to decide if they were heroic and if she may be styled Venerable.

This has been brought about by the cooperation of bishops, priests, sisters, men and women who have helped to meet the expense of her Cause here and in Rome, and to make this child of grace widely known and loved.

To have any part in exalting a Servant of God to the honor of His altars is a rare grace, and a title to the favor of the one so exalted. I trust you will help me to continue meeting the expense required and pray for the further progress of the Cause.

War has not delayed this Cause a day. The miracles required are not wanting: reports on four ready to submit to Rome.

Help me to keep this unique Cause advancing to a glorious ending.

Humbly yours in Christ,

Most Rev. Anastase Forget,  
Bishop's House,  
Saint-Jean, P.Q., Canada.
