I come to introduce you my request.

I would like, if it is possible to you that you carry my request at the foot of the tomb of the happy Kateri de Tekakwitha.

Here is: I ask for the complete healing of my brother-in-law who is afflicted with lung very corrupted further to a "virus" of the mangeuse of flesh in January, 1995.

It survived at this instant. They said that he was person on whom a miracle has been worked. One treated on it in the hospital Charles-Lemoyne in Longueuil. Since this time he lived a life comparatively definitely but always with the help of the pomps which he owes of in every morning. But his health degrades toujours a bit. It is not able any more of doing difficult jobs as shearing its lawn, of taking up staircases and many others ...

It is Catholic not church-goer since then he has there several grandchildren among whom one is called Kateri. I tell myself that it would be a nice opportunity to speak about this saint in this family .. I not in have not speak by respect With the exit of in a pèlerinage to its tomb be last on it called a the impossible.

In the history of the life of the happy kateri I read that some people had a healing if he really did not believe in miracle and miracle occurred.

Me I think that the Lord is All-powerful, he could listen to happy Kateri, the case of my brother-in-law is a case very well listed in this hospital.

I make the neuvaine and ask you to join me to carry my request in happy Kateri.
